CITY OF MOUNTAIN VIEW

FLOOD DEVELOPMENT APPLICATION/PERMIT  
FOR SPECIAL FLOOD HAZARD ZONE  
(City Code Section 8.163.1)

Address of Proposed Development: \_\_\_\_\_

Assessor's Parcel No.(s): \_\_\_\_\_

Owner Information

Printed Name: \_\_\_\_\_ Signature: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Address: \_\_\_\_\_

E-mail: \_\_\_\_\_

Applicant Information

Name: \_\_\_\_\_ Phone Number: \_\_\_\_\_

Address: \_\_\_\_\_

E-mail: \_\_\_\_\_

Description of Work: \_\_\_\_\_

Market value of each existing structure that is to  
remain within the flood zone: \$ \_\_\_\_\_

Estimated cost of new improvements for each existing  
structure that is to remain within the flood zone: \$ \_\_\_\_\_

Provide with this application two (2) sets of plans drawn to scale showing the nature, location, dimensions, and elevations of: (1) the area in question; and (2) existing or proposed structures, fill, storage of materials, and drainage facilities. All elevations must be expressed in the 1988 North American Vertical Datum (NAVD) and reference a City benchmark.

- A. Flood zone designation of the development as indicated on the Federal Insurance Rate Maps (FIRM). \_\_\_\_\_
  
- B. For Zone AE, elevation of the 100-year base flood as indicated on the Federal Insurance Rate Maps. \_\_\_\_\_
  
- C. For Zone AO, depth of the 100-year base flood as indicated on the Federal Insurance Rate Maps. \_\_\_\_\_
  
- D. For Zone AO, elevation of the highest adjacent grade for each structure. The "highest adjacent grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of the structure. \_\_\_\_\_
  
- E. Proposed elevation of the lowest floor, including basement, for each structure (minimum Elevation (NAVD 88) 12.75). \_\_\_\_\_
  
- F. Are any of the structures proposed to be floodproofed? If yes, then indicate the proposed elevation of the lowest floor, including basement, for each nonresidential structure which will be floodproof (refer to Section 8.164.1.c of the City Code).<sup>1</sup> \_\_\_\_\_
  
- G. Datum used to determine elevations (City benchmark number and corresponding elevation). \_\_\_\_\_

---

<sup>1</sup> Floodproofing applies to structures located below the base flood level and means any combination of structural and nonstructural additions, changes, or adjustments which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents. Residential structures cannot be floodproofed and must be raised above the base flood level.

H. Description of the extent to which any watercourse will be altered or relocated as a result of the proposed development: \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

I. List any other required State and Federal permits. (Attach approved copies with this permit.) \_\_\_\_\_

\_\_\_\_\_  
\_\_\_\_\_

J. For subdivision, refer to Section 8.164.3 of the City Code for additional requirements.

K. Provide the City or its designee with the necessary data, calculations, and information in order to determine that the proposed development does not adversely affect the carrying capacity of areas where base-flood elevation have been established but a floodway has not been designated (Section 8.163.a).

L. Civil Engineer/Architect Certification:

I, \_\_\_\_\_, Registered Professional Engineer/Professional Land Surveyor/Architect No. \_\_\_\_\_, which expires on \_\_\_\_\_, certified on \_\_\_\_\_ that I have reviewed Chapter 8, Article IX of the City of Mountain View Code pertaining to drainage and flood control as established by Ordinance No. 3.98 (January 13, 1998) and that all provisions of Sections 8.164.1, Standards for Construction; 8.164.2, Standards for Utilities; 8.164.3, Standards for Subdivisions; 8.164.4, Standards for Manufacturer's Homes; and 8.164.5, Standards for Recreational Vehicles, of the said Ordinance will be satisfied based on the facts provided on the proposed development plans, and the facts on this permit are correct.

Further, at the completion of the proposed improvements, I, as the Civil Engineer/Architect/Professional Land Surveyor, shall provide the necessary certificates as required by the Ordinance.
