Have things that you like, but no longer work? Don't toss them, repair them! Have volunteers assess and attempt to fix (or help you fix) your things instead of tossing them into the landfill.

Repair Café Mountain View was created as a FREE alternative to landfilling the things you like that need to be repaired. Repair Café Mountain View is a volunteer-run, community service dedicated to encouraging the repair and reuse of goods rather than relegating them to landfill. Typical items include small appliances, electronics, bikes, clothing (repairs only, no alterations), luggage, kitchen items, lamps, kid toys, and more.

When coming to an event, in addition to your broken items, please ensure it is charged or has good batteries (if applicable) and bring any associated spare/replacement parts, owner's manuals, instructions or boxes with information. Any of that may come in handy during a repair.
