

[Downtown bike rack locations](#)

The City offers rent-free bicycle storage. Spaces are available in the bicycle shelter located at the Downtown Transit Center, at the corner of Castro Street and Evelyn Avenue, or one of the many bicycle lockers found throughout Mountain View's downtown.

Renting a locker or shelter space is easy. Bring a valid California Driver License (California only) or passport, a description of the bike to be locked/parked, the bike's serial or identification number, and \$25 for a one-time refundable deposit, to the Public Works Department located on the first floor of City Hall at 500 Castro Street. Once you complete and sign the rental agreement and pay the \$25 deposit, you will receive a shelter access code within 72 hours or a bike locker key.

There is currently a waiting list for bicycle lockers. If you would like to have your name added to the list, please contact us at the number or e-mail address below.

Contact the Public Works Department at (650) 903-6311 or public.works@mountainview.gov if you have any questions or need additional information.
