

## Development Update – June 2019

This development update provides information on *notable* development projects and long-range planning efforts lead by the Planning Division. It is updated every two months and is organized by long range/policy planning projects, development projects which are under review and have not been approved, development projects which have been approved, and development projects which are under construction. You can click on the project planner's name to email them directly with inquiries about a specific project or click on the project website, if available, to find out more about the project. Staff reports, plans, and other project-related documents for projects that have been approved or are under construction can be found on the City's website@ [City Documents](#). A map is also included at the end of the document which shows the location of each project within the City.

### Long-Range/Policy Projects

#### 1. East Whisman Precise Plan

On June 23, 2015, the City Council accepted a VTA grant to develop a new East Whisman Precise Plan. The Plan will include policy, standards, and guidelines for new residential, office, and mixed-use development. It will also include new open space and circulation plans for the area.

- Status/Next Step(s): A public draft Precise Plan was released in April. A public draft Environmental Impact Report (EIR) was released in early June, with the public comment period ending on July 22, 2019. The Environmental Planning Commission (EPC) and Council Study Sessions are scheduled for late June.

#### 2. Shenandoah Square Precise Plan

Annexation into the City of Mountain View of an approximately 17-acre parcel to allow multi-family residential redevelopment; a General Plan Map Amendment from Medium-Low Density Residential to a designation to be determined; a Zoning Map Amendment from PRE-PF to P (Planned Community / Precise Plan) district; and develop a new Precise Plan to regulate future development activities on the site. This project is located at the

northwest corner of Moffett Boulevard and West Middlefield Road in the PRE-PF (Public Facilities) district.

- Status/Next Step(s): Council held a Study Session on November 29, 2016 to provide initial input on key topics to study for the new Precise Plan. Work on the new Precise Plan is on hold pending authorization to proceed from the applicant.
- Project Planner: [Rebecca Shapiro](#)

### 3. Gateway Master Plan

On May 7, 2019, the City Council authorized a Scope of Work and Contract to develop a Gateway Master Plan for the approximate 30-acre area at Shoreline Boulevard and Highway 101 in the North Bayshore Precise Plan area.

- Status/Next Step(s): Initial project background analysis.
- Project Planner: [Martin Alkire](#)

### 4. Terra Bella Visioning

On March 20, 2018, the City Council authorized to begin developing a Visioning and Guiding Principles Plan for the Terra Bella area, defining a vision for future change in the area. The plan will include development principles which will provide a foundation to guide review of future development projects in the area. At the end of the visioning process, City Council will be presented with the Visioning Plan to consider its endorsement and provide other direction to staff. The Visioning Plan will take approximately 12 months and will include a series of community workshops, public meetings, and hearings.

- Status/Next Step(s): Two community workshops were held in June and August 2018. The project team is currently developing draft visioning documents which will be presented to Council in Fall 2019.
